

## **NEW COURSE** SPAN 201

# Elementary Spanish for Healthcare Professionals II

### **Are you interested in Spanish-language classes for healthcare professionals?**

Elementary Spanish for Healthcare II (SPAN 201) is the second course of a 2-course series designed to help future healthcare providers interested in serving Hispanic communities.

This skill building course is a great new addition for your health career path, and a great investment in your professional future.

**You can access this course directly if you can speak some Spanish already** (a level equivalent to 2 higher education courses in Spanish). **If you think you qualify, please send us an email describing your proficiency level and previous courses/exposure to Spanish.**

Spanish proficiency is a skill highly valued by employers, healthcare academic units, and Spanish-speaking patients!

Thank you very much! ¡Muchas gracias!

SPAN 201 is the second of a two-course sequence (it follows SPAN 101) designed to help undergraduate pre-health students as well as graduate students in the Health Science disciplines build a strong foundation for basic oral proficiency in Spanish. Pre-health professions students as well as students enrolled at the UA College of Medicine, College of Pharmacy, College of Nursing, and the Mel and Enid Zuckerman College of Public are invited to apply.
